**Weather School Delays or Cancellations**

It's that time of year again when we could possibly have school closures or delays due to the weather conditions.

Decisions regarding school delays or cancellations are made by Crook County School District in the early morning. Once the decision to delay and/or close schools has been made, we will try our best to relay that information to parents using the Parent Alert Text System. You can also find information on Z21 and the Crook County School District's website.

We appreciate your patience during these situations, our main concern is the safety of our families and staff.
